

Average Replacement rates by private resources

Weeks of Liquid Assets

	0	0-500	500-1000	1000-1500	2000+
61+	24	24	9	4	0
40-60	30	27	10	1	0
21-40	33	33	7	1	0
1-20	37	34	9	0	0
<1	42	40	11	2	0

Weekly household income from other sources

liquid assets represent the number of weeks a household could fully replace lost work income using liquid assets. Other private household income includes partner earnings and non-wage income. Only households with non-negative income from other sources are included.
