A. Post Job Loss Poverty Head Count
B. Post Job Loss Poverty Gap Index

JSP Singles + RA recipients move out of poverty

JSP Singles move out of poverty

Failed Asset test

On Benefit* with >5 weeks liquid assets

On Benefit* with few liquid assets

Increase in Weekly Benefits ($)
* `On Benefit' Includes both those on JSP and the Parenting Payment, including those also on FTB. Poverty defined by the Henderson Poverty Line, at a household level. Experiment is how many households would be in poverty if one member of the household lost their job. Therefore, each partnered household where both members are working are included twice here; once for each person losing their job. Note that only those eligible for the JSP or PP recieve the hypothetical increase here, so the `Failed Assets Test` Category is unchanged over the period
